Sustainable Supply Chain Management Policy (SSCM)

We Mahindra Sanyo Special Steel Private Ltd. are committed to excel in our performance with respect to Sustainable Development of our own Business, the Planet & its People.

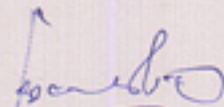

We shall ensure that our suppliers are totally engaged with us in this endeavor through the Sustainable Supply Chain Management initiatives in the environmental, social and ethical dimensions.

To fulfill this commitment we shall:

1. Work with suppliers in collaboration to continuously improve on Environment, Social and Ethical Performances. In case any supplier has any deficiency in meeting the Regulatory & Statutory standards and the Code of Conduct specified by Mahindra Sanyo Special Steel Pvt. Ltd, we will work together to achieve the necessary improvements for meeting the same in a time bound manner as agreed between us.
2. Focus our efforts on processes that pose a material supply chain risk and where improvements will make the most impact.
3. Behave in fair, open and in objective ways. Likewise we expect our suppliers to behave in the same way to improve the efficiency and effectiveness of the supply chain.
4. Advocate for responsible supply chain practices within our industry while sharing the good practices with our suppliers and their suppliers.
5. Provide training to all our employees and suppliers' employees those are responsible for Supply Chain Management for effective communication, capacity building & competent audit practices.
